## CHANGE OF VALUE ASSESSMENT NOTICE LETTER

**This letter is for all 2018/2019 values assessed.**

Dear Taxpayer(s):

Each year, usually the beginning of April, an Assessment Change Notice is mailed to all Osage County property owner(s) whose property values have increased for the current tax year from the values assessed in the previous tax year.

We would like to inform taxpayers of Osage County that the only property owner(s) that will be receiving a Change of Value Assessment Notice in 2019 will be anyone that has purchased or acquired a property in 2018 or if they have added new construction to their property. Next year all notices will be sent before April 1, 2020 with assessed value of only showing 2019/2020 years.

Due to this years (2019) change in notices we want our taxpayers to be confident in knowing we are diligently trying to enhance our office technology to better serve the county district. If you have any questions regarding your assessed property notices please check out our FB page [Osage County Assessor's Office](#) for on-going updates and notices. You can also go to <https://osage.okcounties.org/offices/county-assessor> for Osage County Assessor updates and postings.

Thank you for understanding as we update these changes,

Sincerely,  
ED Quinton Jr.  
Osage County Assessor
